Effective Date:
Position: Oppose
Priority:
Task:
Comment: TFA opposes this legislation because it seeks to impose on taxpayers the cost of providing firearms training at private facilities. Using TBI data over the last 2 years, the average annual volume of handgun sales by FFL has been approximately 495,000 in 2020 and 457,000 in 2021. If so, the fiscal impact on taxpayers - that is increased taxes to fund this program - could be approximately \$13,500,000 per year assuming annual sales of handguns maintain at or above 450,000 per year. TFA is noting for 2022 electing scoring the support on this bill and will be monitoring votes.
rows:
SB2149 - B. Massey - 03/02/22 - Set for Senate Judiciary Committee 03/08/22.
10. **HB2521** **CRIMINAL LAW: Prohibition of weapons at certain meetings.** Revises various provisions governing the prohibition or restriction of weapons at meetings or on property owned by a private or government entity, including eliminating the prohibitions a local government can place on possession of a handgun in certain locations such as libraries, child care agencies, buildings containing a law enforcement agency, and facilities that administer a Head Start program. Requires prohibition notices to be displayed in a prominent location and outlines requirements for wording, graphics, font size and other details. Requires the person or entity responsible for posting the prohibition notice to give a written notice and verbal instructions to suspected violators and provide applicable remedies for the removal of the firearm from the building. Removes the limitation of the concealed carry restriction to only persons with an enhanced handgun carry permit.

Comment: TFA opposes this legislation because it seeks to impose on taxpayers the cost of providing firearms training at private facilities. Using TBI data over the last 2 years, the average annual volume of handgun sales by FFL has been approximately 495,000 in 2020 and 457,000 in 2021. If so, the fiscal impact on taxpayers - that is increased taxes to fund this program - could be approximately \$13,500,000 per year assuming annual sales of handguns maintain at or above 450,000 per year. TFA is noting for 2022 electing scoring the support on this bill and will be monitoring votes.

24. **SB2823 CRIMINAL LAW: Hearings to determine justification of use of force.** Gives a defendant who has been charged with a criminal offense based on the use of force or threatened use of force and who asserts that the force was justified by law the right to at least two justifiable use of force hearings prior to trial. Clarifies that the prosecution has the burden to prove by clear and convincing evidence that the use of force was unlawful. Prohibits the prosecution from presenting evidence at trial that was not presented during a use of force hearing. Requires the court to dismiss the criminal charges and find the defendant immune from criminal prosecution if the prosecution fails to meet that burden. Requires the court to award the defendant attorney's fees, court costs, loss of income and any other expense incurred as a result of the criminal prosecution.

Comment: UPDATE - This bill has been named in honor of Rep. Mike Carter, former judge and now deceased, who worked diligently on this issue. In 2021, Tennessee passed a law on civil immunity which law was also substantially influenced by Rep. and former Judge Mike Carter. This legislation is "part 2" of the 2021 law and would revise criminal procedure in instances where someone uses deadly force in self defense but is still criminally prosecuted or even "upcharged" by district attorneys This bill helps to protect civilians and law enforcement officers who are forced to use justifiable force. TFA encourages all of its members and supports to contact the committee members and their individual House/Senate members to voice support for this bill.

Comment: ACTION ALERT: This is a dangerous bill which seeks to use the public health system to support advances in gun control. Firearms ownership is not a "public health" issue and efforts to push it in that direction are almost always rooted in a gun control agenda. If there was a valid reason to seek a state study on the true causes of crime and criminal activity including demographics, socio-economic factors, etc., then there would be no reason for all the "gun violence" or "gun control" focus on this bill. Subcommittee Amendments: Civil_Sub_Amdts_02.22.22.pdf

Fiscal Note: (Dated February 12, 2022) Decrease State Revenue Net Impact \$3,235,800/FY22-23 and Subsequent Years/Handgun Permit Division Decrease Local Revenue - \$28,500/FY22-23 and Subsequent Years Other Fiscal Impact - An additional recurring decrease in state revenue to DOS due to a large percentage of handgun carry permit holders no longer having any requirement to renew. The precise amount of that decrease is unknown, and is expected to be realized in future years that fall outside the scope of consideration for this analysis.

Comment: TFA was in support of this bill but with a fiscal note of over \$3,000,000 it is unlikely to pass unless the governor includes this cost in his budget. Further, a number of people who have paid over \$500 in some instances out of pocket for lifetime permits are concerned that this legislation does not propose to refund the amounts previously charged if the state makes the lifetime permits essentially a free upgrade with this legislation.

- Comment:** The TN Supreme Court has held that off duty officers are not special classes of citizens but are simply citizens when not engaged in the official discharge of duties. TFA would prefer to see this bill amended to make clear that those citizens who have the "enhanced permits" are at a minimum given the same scope to carry that other citizens - who happen to be law enforcement officers when "on the job" - have. If the bill is not amended to at least include enhanced permit holders, this legislation would continue to perpetuate a non-existent class of "super citizens" comprised only of off duty law enforcement who capacity to defend their lives and their families to elevated much higher with special exceptions than other citizens who merely have other career choices. TFA will monitor and score this bill negatively for 2022 unless amended to include all enhanced permit holders.
