

# Top Ten Priorities for the 2024 Tennessee Legislative Session

Knox for Liberty calls on every patriot to advocate for these protections of our God-given, American rights:

- 1 Protect Second Amendment Rights - [HJR38](#)**  
Prevent future attempts at gun control in Tennessee by amending the Tennessee Constitution. And soundly reject every gun control / red flag bill proposed during the session.
- 2 Defend State Sovereignty - [SB1092](#) / [HB726](#)**  
Establish a process to nullify unconstitutional actions of the federal government. As Washington tilts more and more towards tyranny, nullification will become a vital tool to protect Tennessee citizens.
- 3 Safeguard Medical Freedom - [Medical Freedom Act \(parts 1, 2, 4, 22\)](#), [SB299](#) / [HB653](#)**  
Protect every person from unwanted medical procedures. Allow every person access to treatment. Secure free speech for medical opinions. Protect employees from employer abuse. Also, require healthcare and long-term care facilities to permit in-person visitation by family members and pastors.
- 4 Establish Sound Money - [SB150](#) / [HB1480](#), [SB311](#) / [HB1481](#), [FL SB7054](#)**  
Create a state bullion depository to hold gold and silver. Also, allow gold and silver to be used as legal tender, including for payment of taxes. Like Florida, Outlaw Central Bank Digital Currencies (CBDC).
- 5 Limit Executive Power - [SB590](#) / [HB422](#)**  
Require a joint resolution by the general assembly to extend a governor's executive order declaring a state of emergency. We must prevent the next abuse of power before it starts.
- 6 Expand School Choice - [HB1082](#)**  
Help all Tennessee students, K through 12, escape government schools via Tennessee Education Savings Accounts, regardless of location, income, or how bad their school is academically.
- 7 Fight Social Media Censorship - [HB1504](#) / [SB1299](#), [HB0682](#) / [SB0111](#)**  
Prohibit social media platforms from censoring people, their opinions, or the ability of others to see those opinions, based on viewpoint or geographic location.
- 8 Prohibit Illegal Immigration – [FL SB1718](#), [HB1247](#) / [SB1151](#)**  
Similar to Florida, suspend the licenses of businesses who employ illegal aliens, increase penalties for human smuggling, ban local governments and NGOs from issuing identification documents, and more.
- 9 Block the Surveillance State – [Model Legislation](#)**  
Require state officials secure a warrant before they search or seize any physical or digital property that a person shares with a third party as part of acquiring goods or services.
- 10 Increase Election Integrity – [HB0193](#) / [SB1108](#), [HB0835](#) / [SB0137](#), [HB0388](#) / [SB0100](#)**  
Eliminate "convenience" voting centers, require cleaning the voter rolls, and restrict candidates from accepting more than 30% of their funding from those outside Tennessee.
